Zecotek Increases Non-Brokered Private Placement to \$6.5 Million

Singapore, February 4, 2011 - Zecotek Photonics Inc. (TSX-V: ZMS; Frankfurt: W1I), a developer of leading-edge photonics technologies for medical, industrial and scientific markets, today announced that the Company has increased the previously announced non-brokered private placement by an additional \$1,000,000. The Company is now offering 12,264,151 units of the Company at a price of \$0.53 per unit for gross proceeds of \$6,500,000.

Each unit consists of one common share and one-half of one common share purchase warrant. Each whole warrant entitles the holder to acquire one common share at an exercise price of \$0.70 per common share at any time on or before the 24-month anniversary of the closing of the offering. The Warrant's exercise period will automatically accelerate if the common shares of the Company trade above \$1.25 for a period of 10 consecutive trading days.

Net proceeds from the funds raised will be used to complete licensing agreements and technology transfer for commercialization in the Company's three operating division, to build and maintain patents of the IP portfolio and for general working capital purposes. Pursuant to the financing, the Company may pay a finder's fee. The proposed private placement transaction is subject to the approval of the TSX Venture Exchange and all shares and warrants are subject to a four-month hold period.

About Zecotek

Zecotek Photonics Inc. (TSX-V: ZMS; Frankfurt: W1I), is a photonics technology company developing high-performance crystals, photo detectors, lasers, optical imaging and 3D display technologies for commercial applications in the medical diagnostics and high-tech industries. Founded in 2003, the company operates three distinct divisions: imaging, lasers and 3D display, with labs located in Canada, USA, Singapore and Russia. Zecotek commercializes its novel, patented and patent-pending photonic technologies directly and through strategic alliances and joint ventures with multinational OEMs, distributors and other industry leaders.
