About the Company

Arian Silver Corporation is a silver exploration and development company and is listed on London's AIM; trades on London's "PLUS" market; is listed on Toronto's TSX Venture Exchange and on the Frankfurt Stock Exchange. Arian Silver is active in Mexico, the world's second largest silver producing country. The Company's main projects are the Calicanto and San Jose projects in Zacatecas State and the Tepal project in Michoacán State. The Tepal project is currently subject to an exclusive purchase option to Geologix Explorations Inc. Part of Arian Silver's forward-looking strategy lies in the envisaged use of large scale mechanized mining techniques over wider mineralized structures, which reduces the overall unit operating cost of metals, and to build up NI 43-101 compliant resources.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) and no stock exchange, securities commission or other regulatory authority accepts responsibility for the adequacy or accuracy of this release nor approved or disapproved of the information contained herein.
