About the Company

Arian Silver Corporation is a silver exploration and development company listed on London's AIM and "PLUS", on Toronto's TSX Venture Exchange and on the Frankfurt Stock Exchange. Arian Silver is active in Mexico, the world's second largest silver producing country. The Company's main projects are the Calicanto and San Jose projects in Zacatecas State and the Tepal project in Michoacán State. Part of Arian Silver's forward-looking strategy lies in the envisaged use of large scale mechanized mining techniques over wider mineralized structures, which reduces the overall unit operating cost of metals, and to build up NI 43-101 compliant resources.

Further information can be found by visiting Arian's website: www.ariansilver.com or the Company's publicly available records at www.sedar.com.
