Candax Announces Appointment of Chief Operating Officer

June 8, 2011 - Toronto, Ontario, Canada – Candax Energy Inc. (“Candax”) [TSX: CAX] is pleased to announce that Pascal Mirville has joined Candax as full-time Chief Operating Officer and General Manager, Tunisian Operations to replace Bertrand Launois who was acting as part-time Chief Operating Officer since March 31, 2010 and Claude Seiler who has been General Manager, Tunisian Operations since 2010. Pascal Mirville has 32 years experience in the oil and gas industry and has managed numerous operations most notably in West Africa as District Manager and in North and South America as Vice President, Americas for the Geoservices group. He holds a Degree in Electronics from Ecole Central d'Electronique Paris. Pascal will be based in Tunisia.

Benoit Debray, Chairman of Candax commented, “The addition of Pascal to the Candax team reinforces Candax’s hands-on management skills and oilfield experience. By combining the position of Chief Operating Officer and General Manager of Ecumed Petroleum, our Tunisian operating company, we strengthen Candax’s presence in Tunisia as we move forward with increased focus on our Tunisian operations. Specifically, in the second half of 2011 and into 2012 Candax will be operating the water-flood development of Robbana as well as further works on El Bibane.”

Candax is an international energy company with its head office in Toronto and offices in Tunis and Madagascar. The Candax group is engaged in exploration and the production of oil and gas and power generation in Tunisia and holds an interest in an exploration permit in Madagascar.

This news release includes "forward looking statements", within the meaning of applicable securities legislation, which are based on the opinions and estimates of management and are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those projected in the forward looking statements. Forward-looking statements are often, but not always, identified by the use of words such as "seek", "anticipate", "budget", "plan", "continue", "estimate", "expect", "forecast", "may", "will", "project", "predict", "potential", "targeting", "intend", "could", "might", "should", "believe" and similar words suggesting future outcomes or statements regarding an outlook. Such risks and uncertainties include, but are not limited to, risks associated with the oil and gas industry (including operational risks in exploration development and production; delays or changes in plans with respect to exploration or development projects or capital expenditures; the ability of Candax to continue to service its debt; the uncertainty of reserve estimates; the uncertainty of estimates and projections in relation to production, costs and expenses; the uncertainty surrounding the ability of Candax to obtain all permits, consents or authorizations required for its operations and activities; and health safety and environmental risks), the risk of commodity price and foreign exchange rate fluctuations, the ability of Candax to fund the capital and operating expenses necessary to achieve the business objectives of Candax, the uncertainty associated with commercial negotiations and negotiating with foreign governments and risks associated with international business activities, as well as those risks described in public disclosure documents filed by Candax. Due to the risks, uncertainties and assumptions inherent in forward-looking statements, prospective investors in securities of Candax Energy Inc. should not place undue reliance on these forward-looking statements.
